

REMARKS

This Amendment is submitted in response to the Examiner's Action mailed June 18, 2004, with a shortened statutory period of three months set to expire September 18, 2004. Claims 1-21 are currently pending. With this amendment, claims 1, 4, 8, 11-15, and 18 have been amended, and claims 2-3, 9-10, and 16-17 have been canceled.

The Examiner rejected claims 8-14 under 35 U.S.C. § 101 as being directed to non-statutory subject matter. Applicants have amended the claims to refer to a "computer-readable media" as the Examiner suggested. Therefore, this rejection is believed to be overcome.

The Examiner rejected claims 1-21 under 35 U.S.C. § 112, first paragraph, as failing to comply with the enablement requirement. Claims 1, 8, and 15 have been amended to describe initially retrieving a data entry form from the database including retrieving information related to the data items. The claims have also been amended to describe subsequently retrieving the information without again accessing the database after the form was initially retrieved from database. Therefore, this rejection is believed to be overcome.

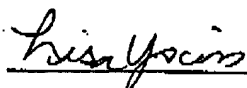

The Examiner rejected claims 1, 2, 6-9, 13-16, 20, and 21 under 35 U.S.C. § 102(e) as being anticipated by "Webpage". The Examiner stated that claims 3-5, 10-12, and 17-19 are objected to as being dependent upon a rejected base claim but would be allowable if rewritten in independent form.

Applicants have amended the claims to rewrite claims 3, 10, and 17 in independent form. Claim 1 has been amended to add the features of original claims 1-3. Claim 8 has been amended to add the features of original claims 8-10. Claim 15 has been amended to add the features of original claims 15-17. Therefore, these claims are now believed to be in an allowable form.

All pending claims are believed to be in an allowable form. The Examiner is invited to call the undersigned at the below-listed telephone number if in the opinion of the Examiner such a telephone conference would expedite or aid the prosecution and examination of this application.
